

ES6 Syntax Check

An online ECMAScript 6 Checker.

Check the code

Reset

Good! There is no error!

```
options: { 'place of cards', 'size of cards', 'number of cards', 'color of cards' },
answer: 1
},
{
  q: "'Mini-series' is a genre of 'Series' on Netflix",
  options: ['true', 'false'],
  answer: 1
},
{
  q: 'What was Netflix originally called?',
```
